Parental Supervision Statement

One of the major goals of Heritage Academy is to aid parents in making disciples of the students at Heritage Academy. We also wish to provide our students with a high quality academic education, which we understand in terms of real spiritual, intellectual, and emotional growth. Among other things, this demands that we require our students and their parents to adhere to high standards of personal integrity, and provide proper supervised instruction and assistance throughout the week.

Georgia Law (O.C.G.A. & 20-2-690.I) requires that every parent, guardian or other person(s) residing within this state having control or charge of any child(ren) between six and sixteen years of age shall enroll and send such child to a public school, a private school, or a home school program.

As Heritage Academy is a unique educational model that requires attendance to be reported under "a home study" program, attendance shall be the parents' responsibility.

As this is the parents' responsibility to insure adequate supervision, Heritage Academy will be held harmless should any reports of truancy arise as a result of improper supervision.

In addition, we understand that it is our parental responsibility as given by God to be actively involved in our child's education by assisting/checking assignments for satisfactory completion. If adequate supervision should cease to exist, parent(s) shall notify Heritage Academy of change in status. I/We understand enrollment may be jeopardized. After careful review of supervision status, should Heritage Administration deem necessary to terminate enrollment for inadequate supervision, parent(s) or legal guardian will remain financially bound until tuition account is paid in full.
